

One final note - Our mission: We are trying to become an eco-friendly sustainable guesthouse and café. We believe in doing no harm to our natural environment and are trying to support Cambodian eco-friendly products.

This is how we do it:

- ▢ Our bamboo gazebo was made from Cambodian bamboo and was designed/built by a small group of Paragon International University architecture students.
- ▢ 90% of the artwork on the walls are from Cambodian artists.
- ▢ Our bamboo furniture is made from Cambodian bamboo and was crafted in Kandal province.
- ▢ Our eco-friendly shampoo, conditioner, body wash, hand wash are made by Kambio
- ▢ All of our eco-friendly cleaning products are made by Dai Khmer and Senteurs d'Angkor
- ▢ Our mosquito repellent is made by Senteurs d'Angkor
- ▢ Our soaps, bamboo toothbrushes, combs, razors, and shower-caps are made by Apsara Bamboo
- ▢ Our wild honey and robusta coffee is from Mondulkiri coffee
- ▢ Our artisanal flavored syrups are made by Sweet & Spicy (a local Kep company)
- ▢ Our organic sugar is from Siem Reap (organic palm and sugarcane)
- ▢ Most of our paper-based products are made from up-cycled wood pulp.
- ▢ Most of our beer selection are Cambodian brands.
- ▢ Much of our large selection of high-end spirits (liquors) are made in Cambodia
- ▢ Our silk accessories are all made of high quality Cambodian silk
- ▢ Our napkins are up-cycled kramas
- ▢ Our bathrobes are made by Dear Amore (a local fashion designer) of Cambodian silk and kramas
- ▢ Our pepper is from Kim Sour Farm
- ▢ Our coconut water and coconut milk is harvested from coconuts from Casa Kep garden
- ▢ Our fruit jams (seasonal) are made from fruit harvested from Casa Kep garden
- ▢ Our ginger, turmeric, and gangala are harvested from Casa Kep garden
- ▢ Our kaffir lime leaves and rinds are harvested from Casa Kep garden
- ▢ When available our bananas are harvest from Casa Kep garden.
- ▢ We compost all vegetable and fruit scraps and leftovers as well as most of our fallen leaves
- ▢ We harvest rainwater at the back of the property (for those drier days)
- ▢ We use energy efficient equipment - including the AC units, fridges and LG washing machines
- ▢ And we do our best to recycle and up-cycle non-biodegradable waste
